Re: Unsolicited application

Dear Sir or Madam:

For the past 15 years, I have been working as a patient care assistant, and I love it! I like to meet, exchange, talk, understand, support and relieve the pain of the people I take care of. This is why I would like to work for your recently founded company, which would allow me to discover different patient profiles.

Working for Direct Care would be an opportunity to work with the elderly, accident victims, young mothers, people with reduced mobility and convalescents—all in the same day. This diversity, requiring a constant adaptation, is a new challenge that I feel ready to tackle. I am sure that my active listening skills, excellent physical condition and sense of initiative would meet the expectations of clients and of Direct Care.

I would like to discuss my qualifications for such a position in person, and am available to come in for an interview at your convenience.

Yours truly,

Linda Ross
